CHAMINADE'S DAY PHOTO COLLECTION: JAN. 22, 2012

On the left are Marianist Development project altar dancers while at the right hand side are the St. Martins altar dancers majority of whom are missionary children, and the one in brown is one of the CWA (Catholic Women Association) dancers.

Christians arrived on time and thanks goodness we had reserved some sitting space for the dances! The church was packed!

This is how the boys are girls were looking like and with them is Sr. Neema. She, the catechist and myself worked together to see them grace the mass.

Then came the renewal of commitments for MLCs. Ten of our members renewed their commitments while six of our new members on formation were officially welcome in to the family.

Then came the procession after mass which was led by the altar dancers followed by the Marianist Centre students, their staff and the parishioners followed.

Then came the entertainment, then cake and finally group photo for the MDP staff. It was a beautiful day and we thank God for all the graces and for gift of Blessed William Chaminade.

We are glad that this year we have several MLCs taking up responsibilities in the parish and several of them were elected to the parish council to serve the church in different capacities. It's the work of Mary.

Below is the executive council where one of us was elected as a secretary. Several others were elected in small Christian communities and other organizations like CWA among others.

FINALLY!!!!

Celebrating the feast of Holy innocents was one great fun…and especially on Chaminade's year; we celebrated in style: all kinds of games, food, sweets, cake, name it…. I have posted few photos of the same. MLCs, Our SM Parish Priests (Fr. Steven) and youths in the church really helped to see that the children enjoyed to the full.
