BROTHER JEROME BOMMER

Celebrating 70 years of profession

I've enjoyed my life as a Marianist. Over the years, it was pleasant. I became aware of the goodness of the brothers, enhanced by our family spirit. Living in a Marianist community is a blessing. As we were assigned ministries, we learned them while we were doing them. Often you received help from someone who had a wealth of experience in the area in which you were working.

God has blessed me with Marianists who supported me. That love I received was powerful. I thank the Lord and Mary for giving me a Marianist vocation.
