

## *“I Remember Africa”*

On May 23, 2010, the Marianists will celebrate the inauguration of the Region of Eastern Africa. Since 1957, more than 100 U.S. Marianists have worked in Eastern Africa supporting ministries and mentoring Africans in faith formation. To pay tribute to those who worked to foster the work of the gospel and lay the groundwork for its new African leadership, *ALIVE* magazine is soliciting written commentaries (a 75- to 100-word reflection) from anyone who served in Kenya, Zambia, Malawi and other parts of Africa during the past 53 years.

**Reflections:** We are interested in the following type of essays, comments and reflections:

- A favorite memory from your life in Africa
- A reflection about how service in Africa changed you – how it influenced your faith, your view of life, your sense of community
- A comment about the significance of the culmination of more than 53 years in Africa and what it means to you today

**Photos:** We also are interesting in receiving any photos you might be willing to share (JPEG only) to run with these short reflections. We prefer photos that includes brothers, especially in ministry.

The commentaries will be edited and published in July in *AliveOnline* at [www.marianist.com/AliveOnline](http://www.marianist.com/AliveOnline).

**Please, help us by keeping your reflection to no more than 100 words.**

Please submit your reflection and photo(s) to **Ann Mueller**, Communications Office Assistant, at [amueller@sm-usa.org](mailto:amueller@sm-usa.org).

Thank you for your help!
