

## **Medical Transportation Driver**

The purpose of the Medical Transportation Driver position is to provide transportation for residents to and from medical appointments. The primary functions are:

- Provide transportation to appointments for ambulatory as well as wheelchair bound residents.
- Stay with resident as needed on protracted appointments, minor surgeries, and dental extractions.
- Effectively communicate with care staff and health care providers.
- In emergency situations, transport residents to emergency care facilities after hours and on weekends.
- Function effectively as a team member by observing all policies and procedures, using the teambuilding approach, and appropriately using the chain of command.

If you are a good driver and would like to serve your brothers in a concrete way, please contact **Bro. Les Kaehler**, director of the Marianist Residence, as soon as possible. Please copy **Fr. Jim Fitz**, assistant provincial, on communications to Les. Thank you.
