

Marianist Sharing Fund Challenge

The Marianist Sharing Fund Committee invites *communities* this year to identify *new* local organizations whose work for systemic/structural change (social, environmental or ecclesial) they wish to endorse and support. When a local community 1.) identifies such a new organization, 2.) works with that group to prepare a proposal and 3.) expresses its support of the proposal by making an appropriate *financial commitment* in support of the proposal, the sharing fund committee commits to give priority consideration to such proposals. They will be considered before attention is directed to any other proposals that are submitted for this year. Different communities have different resources available. The extent of the community financial commitment in support of one of these new organization proposals is up to the discretion of the community. Please check the Web site.

www.marianist.com/sharingfund for criteria and guidelines for Category I proposals and other details about submitting proposals. The deadline for submissions is November 8, 2008. Contact Bob Moriarty, chairperson, MSF or Myles McCabe, Director, Office for Peace and Justice with questions.
