

The Marianists

**Bro. Walter Ebbesmeyer**

*75 years of profession*

I am very honored to celebrate my 75<sup>th</sup> jubilee.

Most of my life started in 1945 and ended in 1988. I taught in St. Louis, Milwaukee, San Antonio, and East. St. Louis, Illinois.

It makes me proud to be here at St. Mary's University in San Antonio. I have plenty of time to read and have read more than 400 books — and enjoyed all of them! I also have time to use the computer and watch TV news.

I had an opportunity to go to the Holy Land with Bishop Gregory of Belleville, Illinois, along with 48 men and women, and young boys and girls. We spent two weeks in the Holy Land and had Mass every day in a different place with the bishop.

A long time ago, I saw a movie that I liked very much — it was called *Stand and Deliver*.

Many of you know that I am a cancer survivor and am thankful to be able to **stand and deliver**. I NEVER GAVE UP.

Thank you! God love you!
