

Time to Revisit our Marianist Saints List

We have 10 individuals who are Beatified and given the title of Blessed. To be declared a Blessed, an individual needs a verified miracle attributed to their intercession. If a person is martyred, they can be declared a Blessed if it is proven the individual died for the faith.

A person then who has one verified miracle needs a second verified miracle to be declared a Saint. A martyr needs one verified miracle to be declared a Saint.

Servants of God and Venerables are named after an intensive study into their lives, and it is proven that their lives were deemed holy and lived virtuously for the sake of God's Reign on earth.
