

THE MARIANIST PROVINCE OF THE UNITED STATES

POSITION DESCRIPTION

TITLE: Maintenance Technician

FLSA: Exempt

REPORTS TO: Maintenance Supervisor

LOCATION: Mount Saint John,
Dayton, OH

General Summary: The Maintenance Technician for the 8-building campus plays a pivotal role in ensuring the optimal functioning, safety, and appearance of the diverse range of buildings. This position requires a skilled individual who can perform various maintenance and repair projects, employ a mix of modern and historical maintenance approaches, ensure the smooth operation of the campus, and develop a deep understanding of all building plans, operating systems, and operations.

PRIMARY DUTIES AND RESPONSIBILITIES

1. Operations

- Assists Supervisor with completing daily rounds to ensure all systems are operating correctly and within expected parameters.
- Fixes systems that are not operating correctly as directed by the Supervisor.
- Assists Supervisor in using the Building Management System to monitor and program operation of building systems.

2. Preventive Maintenance

- Conducts the prescribed preventive maintenance program.

3. Project Completion

- Completes projects as assigned by the Supervisor to improve and maintain the buildings on campus.

4. Cemetery

- Assists grounds crew as needed with burials.

5. Water Treatment

- Obtains and maintains personal water treatment plant certification within 2 years as governed by the EPA.
- Assists Supervisor in testing water at EPA required intervals.
- Assists Supervisor with troubleshooting and repairs issues regarding the water system and treatment plant.

6. Repairs and Maintenance

- Responds to maintenance requests and emergencies promptly. Effectively utilizes the ticket system to communicate progress of requests.
- Executes repairs and maintenance activities when necessary, as directed by the Supervisor.
- Assists Supervisor in maintaining accurate records of all maintenance and repair work.

7. Building Systems Knowledge

- Applies a deep understanding of various building systems and technologies, including HVAC, electrical, building management systems, fire, plumbing, and structural when completing repairs and projects.
- Troubleshoots issues and repairs or makes recommendations for improvements as directed by the Supervisor.

8. Safety and Compliance

- Completes work following relevant safety regulations and building codes.
- Promotes a culture of safety awareness.

9. Vendor and Contractor Management

- Collaborates with vendors and contractors for specialized maintenance and repairs as directed by the Supervisor.

10. Emergency Response

- Is on call for and responds to after-hours emergencies. Coordinates emergency responses as directed by the Supervisor.
- Acts as a point of contact during emergencies and coordinates with relevant authorities as directed by the Supervisor.

11. Documentation and Reporting

- Maintains accurate records of maintenance activities, equipment, and warranties.

12. Building Plans and Systems Understanding

- Develops a deep understanding of all buildings plans, operating systems, and operations to facilitate efficient maintenance and troubleshooting.

13. Collaboration

- Works in close communication with Supervisor.
- Attends and participates in periodic Mount Saint John Facilities meetings.
- Provides assistance to the grounds crew as needed.

14. Other

- Completes other tasks as assigned by the Supervisor and the Director of Mount Saint John Facilities.

QUALIFICATIONS

1. High School diploma.
2. Five years of experience in building maintenance.
 - a. Experience should include repairing, operating, and maintaining mechanical, electrical, and plumbing systems; building management systems; fire suppression systems; and water treatment systems.
3. Knowledge of building systems, codes, and regulations.
4. Ability to prioritize tasks, manage time effectively, and adapt to changing priorities.
5. Ability to collaborate well with Supervisor and co-workers.
6. Effective problem-solving and decision-making abilities.
7. Desire to attend to and prioritize energy efficiency and renewable energy in work.
8. Experience with renovation projects is a plus.
9. Willingness to support the vision and values of the Catholic Church and the Marianist Province.
10. Possess a valid Ohio Driver's license and qualify for Marianist Province of the United States vehicle insurance under the Marianist Province of the United States driving policy.
11. Ability to work with limited supervision.

PHYSICAL DEMANDS

1. Work is in an indoor and outdoor setting year-round. Must be able to handle and lift objects and or materials of up to fifty pounds, walk, bend, squat, carry and stretch, climb ladders, use a telephone (hear and speak), text, and use a computer (work at desk).
2. Must be able to work in tight spaces, work overhead with arms above the head, drive a vehicle, and work with power tools and HVAC, plumbing, and electrical equipment.

ACCOUNTABILITY

The Maintenance Technician is directly accountable to the Maintenance Supervisor.

SALARY AND BENEFITS
